

Dear Nobles, Ladies, and Friends,

The latest directive from Governor Inslee in effect closes the Nile. His order to stay at home and stay safe and for non-essential businesses to close down causes this action. In our hearts we want the COVID-19/ Coronavirus to be over, as I'm sure all of you do too. However, to reduce and eliminate the risk of infection, we know it will take time. Social distancing, washing our hands, sanitizing surfaces, wearing gloves, etc. We have to keep doing these in our battle to stay safe from the virus.

Nile operations are minimal. Our office is closed and our workers are home and working from there if they have the ability. We will be checking emails and telephone messages and responding as appropriate. The gates will be closed the entire time during this stay home period. The golf course is closed to the public and we will be putting that information out on our website and also the reader board sign by our entrance with the closed announcement. The Treasurer, Noble Arne Ringstad and Recorder, Noble Ken Osborne qualify as essential personnel and will be on-site periodically throughout this time period.

So far, we have had no confirmed cases of Nobles being infected by the virus and hope that trend continues. Please be safe and be prudent with practicing the steps to stay healthy.

We will be keeping you up to date with any developments with the Nile and the operations and if you have any news to share, please contact us.

Yours in the faith,

Michael J. Riley
